

Opening of the Wellington School of Engineering

On behalf of Wellington Institute of Technology (WelTec) we invite you to attend the opening of our new dedicated Engineering School. The Wellington School of Engineering is the region's sole tertiary education institute providing Civil, Mechanical and Electrical Engineering degrees and graduate diplomas. Our graduates have won national recognition for their industry led project work. We are proud of our specialisms in Water Engineering and Mechatronics.

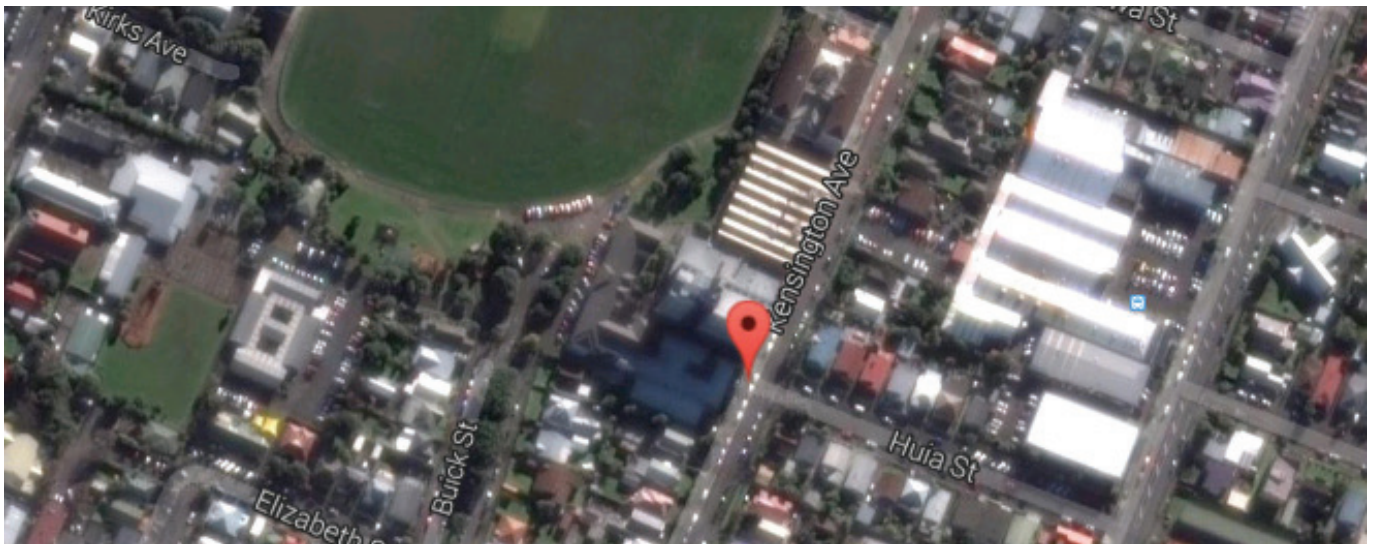

At the official opening you will be the first to tour our campus and learn more about the students, industry connections and research projects.

Hon Steven Joyce, Minister for Economic Development, Minister for Science and Innovation, Minister for Tertiary Education, Skills and Employment will open our refurbished campus. Sir Neville Jordan leading technology entrepreneur, educationalist and champion of the Hutt Valley will also speak at this event.

Date: Thursday 26 March 2015

Venue: Wellington School of Engineering, Kensington Avenue, Petone
Parking available - WelTec carpark, Kensington Avenue

Time: 9:30am - 10:30am

Opening ceremony to be followed by a tour of the campus.

Morning tea will be provided.

I hope you can attend this important event and I look forward to seeing you there.

Linda Sissons
WelTec Chief Executive

Please RSVP by 20 March to Melissa.bahler@weltec.ac.nz
